**Keeping You Informed**

We are coming to the end of another successful year at the Sea Isle Historical Museum. We had some new volunteers which has made it easier to cover all shifts and also allowed us to open on Saturday mornings during the busy summer tourist season.

In September Ron Kovatis, one of our most faithful volunteers and his wife Nancy moved back to Pennsylvania to be closer to their children. Ron was our Vice President for the last two years and was also a former president.

The museum was approached regarding a project that Governor Murphy instituted highlighting contributions of black organizations in the state of New Jersey. Research was done by volunteers and also Dr. Joe LaRosa into the Niagara Project. These were meetings held Sea Isle City in 1909 and 1910 led by civil rights leader W.E.B. DuBois. The museum submitted an application to the state to receive a plaque commemorating this historic event.

Please join us for our annual holiday open house on Saturday, December 7<sup>th</sup> from 11 to 2. We look forward to seeing everyone.

Joyce Molter, President

On Saturday, October 26 the museum held a ceremony to dedicate the bench in Barb McKeefery's honor which was generously donated to the museum by Mike Butterfield of Land and Seas Furniture. The ceremony was attended by Barb's family, friends and of course, many of our volunteers who all remember Barb and her love of the museum so fondly. Please come see the bench which is located on the deck behind the museum.
